

Increase your premium bonus on Allianz 222[®] Annuity to 35%.¹

February 22, 2022 through April 11, 2022 only.

Here's one way to give yourself extra accumulation potential.

Our **Premium+ Event** is a great time to purchase a fixed index annuity to help meet your long-term retirement income needs – because, through April 11, 2022, we'll give you a **35% premium bonus¹** for extra accumulation potential.

Along with guarantees against the loss of principal due to market downturns, you'll have tax-deferred accumulation opportunities and the potential for indexed interest – all with the reassurance of a death benefit for beneficiaries before you begin annuity payments.

Allianz 222[®] Annuity can help you prepare for future expenses.

In addition to providing all the benefits of a fixed index annuity that we list at left, Allianz 222[®]

Annuity offers two ways to get a bonus,¹ two ways to receive

income increases,² and two ways to take the death benefit.

Contact your financial professional for complete information.

¹The premium bonus and interest bonus are credited only to the Protected Income Value. To receive the PIV, including the bonus, the contract must be held for at least 10 contract years, and then lifetime income withdrawals must be taken. You will not receive the bonuses if the contract is fully surrendered or if traditional annuitization payments are taken. If it is partially surrendered the PIV will be reduced proportionally, which could result in a partial loss of bonuses. Income withdrawals are considered partial withdrawals and are subject to ordinary income tax and, if taken prior to 59½, a 10% federal additional tax. Because this is a bonus annuity, it may include higher surrender charges, longer surrender charge periods, lower caps, higher spreads, or other restrictions that are not included in similar annuities that don't offer a bonus feature.

²Increasing income potential is provided through a built-in rider at no additional cost.
